From the SJD.....

Well, now that the 2002 Optional season is behind us we can take a breather... but not for too long. Plans are already underway for our Summer Judges' Clinic. Mark your calendars for July 19-21, 2002! Texas NAWGJ is sponsoring our annual Judges Clinic this year at National Elite Gymnastics in Austin. If you have never been to National Elite, you will be pleased to know that it is a wonderful facility owned by Mark and Lisa England. There is ample space for classes, lectures, demonstrations and everything we have planned.

We are proud to offer Marion Dykes as one of our clinicians.

Marion is the RTC of Region 8, and one of the leading clinicians in the country. She has taught at both national courses and the technical symposium. She is also a CPA and has much knowledge to share regarding tax preparations and record keeping for judges. We are very excited that she has agreed to lecture at our clinic.

The summer clinic will address the needs of our judging community from beginner level through upper level judging including the collegiate level. Testing at all levels will be offered including all films. Safety Certification and Skill Evaluator program will also be available. I hope everyone has the opportunity to attend.

As a side note, I will be attending the NAWGJ National Workshop in June in Albuquerque. I will bring back information from this workshop and share it with you all at the summer meeting.

I want to again thank Leslie Patterson for her outstanding work on the Texas NAWGJ website and newsletter. Be sure to keep up to date by regularly checking the Texas NAWGJ website at <http://txnawgj.tripod.com>.

Well, I hope you all have had a rewarding season. Enjoy your summer filled with family and friends.

Pat

Texas NAWGJ Summer Clinic

The summer clinic this year will take place July 19-21 at National Elite Gymnastics in Austin. We are excited about this event. Our goal is to have "something for everyone." If you have never judged and want to learn, there will be something for you. If you already have a 5/6 rating and want to learn more, there will be something for you. If you want to learn more about collegiate judging, this is the place to be. If you want to try your hand at optionals, either beginning or advanced, there will be sessions for you, too. We will be offering Testing, Safety Certification, Skill Evaluator Certifications, and more. The Texas NAWGJ Summer Meeting will be the place to be. Get the most recent info from txnawgj.tripod.com.

Call for pictures!! AGAIN....

I am still looking for pictures to include in the newsletter and on the website of judges at meets and gatherings. If you have any pictures you'd like to share please send them via snail mail (Leslie 401 Patterson Lane, Seguin, TX 78155) or [e-mail](mailto:).(JPEG format)
Thanks! Leslie

Texas NAWGJ Board meeting:

The Texas NAWGJ will have its Board Meeting on July 19, 2002 prior to the Summer Clinic. Time yet be determined. On the Agenda: old business, stipend to National Course attendees, JCI list (active judges), discussion regarding day rate for state meets, supplementing Level 8 and 9/10 state meets for 17 judges, Judges Cup, lending library, and long and short term educational goals.

Further details about the meeting will be mailed to Board members shortly.

Texas NAWGJ Website update

The Texas NAWGJ website is now in full swing. Be sure to check it out for the latest updates, news, judging forms, clinic information, registration forms and other cool stuff. Please be sure to sign the "Guest Book" and if you want you can recommend the site to a friend by clicking on the "Pass it On" icon at the top left of the home page. I have really enjoyed putting this project together and have learned a lot in doing so. I was very excited to see the Visitor Counter hit 1000! And guess what? It is still going! I am watching to see how long it takes to get to 2000. My goal for this website is to 1. have the most recent information and frequent updates and 2. be the first place Texas judges go to when looking for information and materials. Please feel free to contact me if you have any suggestions or ideas.

Check it out at:
